

## Buy That Motor Car for Christmas

**M**ANY of the readers of this paper are planning to buy a new motor car before next spring. Why not make it a Christmas present to the family, instead of waiting? No present could be received with greater joy and pleasure. For it is one thing that will be enjoyed more than anything else—by every member of the family

### ORDER NOW AND BE SAFE!

*At present we are in a position to promise Christmas delivery on all models. But your order must be placed at once. We urge prospective buyers to take advantage of this suggestion for their own protection. An automobile is a necessity now, more than ever before. You should assure yourself of immediate delivery by placing your order now.*

*If you wait until spring to place your order you may find that the one car you want cannot be delivered to you when you want it. And it is certain that it will sell at much higher price than now because of the constantly increasing cost of materials and labor.*
